

Wednesday

In the morning we met at 8:00 o'clock. First, a teacher from the Viennese school explained some things about audio-visual (AV) presentations, for example how to make a good power-point presentation or video and what a screencast is. I didn't know many of these things before.

Then, we were divided into teams of six, one student from every country. We went to the library and there, with the help of two other Viennese teachers, we had one hour to find a good topic. Many groups chose the topic *culture*, because it's very interesting.

After that we had a snack break.

Then the groups worked for their AV task from 10:00 - 11:00 o'clock.

After that we had lunch.

Later, there was a Vienna Card presentation / Blaguss Reisen presentation. It was very interesting to hear something about tourism from someone who works in tourism every day and is very successful.

At 15:30 o'clock it was the end of the school day.

In the afternoon, the girls from Rhaderfehn and I went into the city by train and we went shopping and visited the Christmas market or 'Christkindlmarkt'. Later, all of us went back home to our hosts where we spent the rest of the evening.
